

INVITATION TO JOIN THE INSTITUTE OF NUCLEAR MATERIAL MANAGEMENT (INMM)

Why join the INMM?

INMM fills the void created by the limited curricula for the training of nuclear materials management professionals at educational institutions. It helps combine on-the-job training and the exchange of ideas as the primary source for those in the field to learn the best approaches and procedures for implementing all aspects of nuclear materials management.

The Institute combines the training and experience of those who are actively involved in the development and application of procedures and equipment with those who are directly involved in operations.

Who should join the INMM?

INMM membership is open to anyone involved in the development, teaching, and application of technologies and procedures for the management and protection of nuclear materials.

What benefits does INMM membership provide?

Members of INMM receive many rewards for belonging to this important international organization, including:

- Opportunities for professional development
- International networking
- Subscription to the Journal of Nuclear Materials Management
- Peer contact through Regional Chapter activities
- Recognition through INMM Awards and Fellows programs
- Access to research and best practices
- Reduced registration fees for educational seminars, topical workshops, and meetings
- INMM's Mentor Program directly connects students and junior professionals with the leaders in nuclear materials management.
- Peer contact through Committee activities
- The INMM Membership Directory. The "who's who" in nuclear materials management throughout the world
- A complimentary copy of the Proceedings of the INMM Annual Meeting
- Voting in INMM elections

Regular Membership fee

Regular members pay \$50 annually to the INMM headquarters.
